HEARTBURN

CURED BY

RIPANS

TABULES.

Mr. F. R. Ward, Cashier of the State Bank at Letcher, S. Dak., writes Dec. 16th, 1903, to say: "I have known Ripans Tablets for quite a while. I suffered with heartburn for two years, but it was entirely cured by the Tablets within a short time. For the past few years I have never been without them, though needing them only occasionally—after eating imprudently."

RIPANS TABLETS are the best dyspepsia medicine ever made. A hundred millions of them have been sold in a single year. Constipation, heartburn, acid indigestion, flatulence, and all the troubles arising from a disordered stomach are relieved or cured by Ripans Tablets. They will generally give relief within ten minutes. The five-cent package is enough for an ordinary occasion. All druggists sell them.

## THE FLORIDA SPECIAL. Advance Showing of Spring Dresses and Millinery

For Women Who Are Going to Palm Beach Or Other Sunny Resorts in the South.

Palm Beach is today the American Riviera, and is growing to be almost as popular with foreigners as with Americans. Hundreds of New York women are planning for the trip today, and perhaps many of them are worrying over the procuring of exactly such crisp Springlike dresses, such fresh and charming hats as we today place on exhibition.

Here are lovely Dresses of colored linens, trimmed with lace, for the morning or afternoon promenade, and dresses in attractive combinations of linen and lawn or embroidery. The colorings include violet, blue, pink and green, in a truly bewitching array. Many are in Russian blouse styles, others in smart bolero and plain blouse effects. Some of the skirts just reach the ground, others are in full length.

Then there are Dresses for afternoon and evening wear, of embroidered batiste or mull and mesh lace, or others of dainty tulle d'Esprit, lavishly trimmed with lace and insertion.

The collection represents the best American dressmaking, with material of the finest practically all imported. Prices range from \$15 to \$150.

They are specially shown in cases and elsewhere in the Costume Store.

The Millinery Salon presents another Springlike picture. Here are arrayed upward of a hundred fresh new hats, no two alike, thus presenting a delightful variety, with the assurance that the hat you buy is exclusive in style. Follage is the dominating feature—many of the hats being made entirely of it, with beautiful flower trimmings.

Best feature of all, prices are exceptionally modest—the finest hat in the lot being \$18, and others ranging down to \$10.

There is a treat in store for all lovers of fashion who visit WANAMAKER'S today.

Second floor, Broadway.

The New Spring Cottons

Are First Shown Today

The most beautiful cotton dress fabrics that have been produced this season in France, Switzerland and Great Britain, are on view today. Hurdled over to meet the wishes of those who are having dresses made for Southern trips. Then, too, thousands of New York women, who are not going away, have learned that to get the best dressmakers to make their cotton dresses, they must have them made before the rush season comes for the making up of woolen fabrics. Then, too, this first showing presents patterns that are never seen again in the lots that come later. Today the splendid collection is ready to be ordered:

# The Wanamaker Store

## The Sale of White Begins Today

## The Beautiful Muslin Underwear

Is the Corner-Stone of the Movement

Progress is the key-note. WANAMAKER'S never gets into a rut. Marvelous as have been the gatherings of white garments in the past, today's assemblage is immensely better than any of them.

The women of New York were never asked to view such a magnificent array of beautiful wear-things as we invite them to choose from today. The whole Second Floor is a picture in White—an etching, that is not only beautiful, as a whole, but in which each line and stitch can bear the closest scrutiny.

For this is not a sale of cheap things; but a Sale of Good Things, Cheap.

My, how we have worried with scores of manufacturers to get muslins and nainsooks right, to get sizes made full, the sewing neat and nicely finished, the trimmings refined and tasteful. But all the worry was in the planning. Everything that comes to WANAMAKER'S must be up to the sample, or back it goes, as quickly as our inspectors examine it. And when it goes on our counters, you needn't worry a minute about any garment being mis-sized or mis-shapen. If it attracts you by the part you see, depend on it that every other detail is exactly right.

There is not a "bargainpiece" brought into our January Sale; but every piece brought into it is a bargain, and a good one.

The scope is as broad as the production of white garments; and the savings are the largest that the enormous prestige and distributing power of the WANAMAKER organization could compel. And though WANAMAKER price-figures may be matched most anywhere, by bargain garments made for the purpose, examinations have shown and the enormous semi-annual sales have proven, that nowhere are equal garments sold for anything like so little as WANAMAKER WHITE SALE prices.

The details are mere guides to price-facts; they give no conception of comparative excellence. The garments themselves must show you that. It is a refreshing, a delightful sight to view them.
